

BRING  YOUR  OWN  DEVICE

BAY DISTRICT SCHOOLS

What is BYOD?

BYOD is an acronym for Bring Your Own Device.

A “device” is defined as a privately owned laptop, tablet computing device, netbook, notebook, e-Reader, iPod Touch, iPad, or smartphone.

For this program, “device” also includes any similar product owned by CCPS and provided for student use.

How will mobile devices be used in the classroom?

Projects

Research

Response device for assessments

Collaboration

Presentations

Other instructional and school related purposes

Who determines when I can use my personal mobile device?

Teachers determine when use of mobile devices is appropriate and allowed within your classroom.

Which mobile devices are allowed?

Internet enabled devices that can connect to the district's wireless network.

These devices may include, but are not limited to:

iPod Touch

iPad

other tablet computing devices

smartphones

laptops

netbook

e-Readers

laptops

How will I access the internet?

Students will access the internet through the BDS wireless network on a device after claiming accounts via BayCloud and then receiving a network username and password.

The BDS wireless network will provide filtered internet access as well as access to some other District systems and resources.

Any and all access to the BDS wireless network may be monitored for the purposes of network security and student safety.

What are my responsibilities as a student?

Read and adhere to the BDS Acceptable Use Policy (AUP) .

Access the internet through the BDS network only.

BDS is not responsible for any data or app charges that a student may incur from a service provider.

What are my responsibilities as a student?

Use of the BDS network is for instructional and school related purposes only. Students may not use any device or service for non-educational purposes during school hours, unless granted permission by a school administrator or teacher.

What are my responsibilities as a student?

You are responsible for the condition of the your device including updates, antivirus software and any repairs.

Personal devices should be brought to school fully charged and should be capable of lasting a full school day without recharging.

You are fully responsible, at all times, for personal devices brought to school. BDS is not liable for any loss, damage, or theft of personally owned devices.

What are some of the other guidelines in place for students?

No device, personal or otherwise, may be used to record, store, or transmit any type of image, sound or video from BDS, except for approved projects and with the express permission of the teacher.

What are some of the other guidelines in place for students?

If reasonable belief exists that the student has violated the terms of the Acceptable Use Policy, or other district policy, the student's device may be inspected and/or confiscated. Subsequent or additional disciplinary action involving misuse of technology may extend to loss of technology privileges or further action as determined by BDS.

What are my parent's responsibilities?

Carefully read and review the Acceptable Use Policy that is located online within the BDS Parent Portal section with you. You must both agree to this policy in order to participate.

Monitor that your device is in proper working order and is fully charged daily.

Monitor your usage of your mobile devices.
