

## Revision 7.211 p. 745 BDS School Board Policy

### Possession and Use of Personal Electronic Mobile Devices 7.211

For the purpose of this policy, “personal electronic mobile device” (PEMD) shall include, but not be limited to the following: cellular or satellite telephones of any type, pocket PCs, laptops, tablets, and personal data assistants (“PDA”) owned, used or possessed by a student but shall not include such devices if owned and provided for use by the District.

Beginning 2012–2013, Bay District schools will allow the use of personal electronic mobile devices during specified times. Students will be allowed to bring their own device (BYOD). High schools will be allowed to participate in this initiative beginning with the 2012-2013 school year. Middle and elementary schools will be allowed to use personal electronic mobile devices when wireless infrastructure is available at the school location. BYOD access will be granted only after teachers have participated in BYOD professional development.

It is not mandatory for students to bring their own personal electronic mobile devices. When personal electronic mobile devices are used to enhance student learning in the classroom, students without a PEMD will be provided access to an appropriate digital device. Students who choose to bring their personal electronic mobile devices MUST log in and use BDS filtered wireless network during the school day.

**NOTE: Students will bring personal electronic mobile devices to school at their own risk. The district WILL NOT be responsible if a phone or other device is lost, stolen, misplaced, damaged, or confiscated. The district WILL NOT be responsible for virus, malware, or other computer related issues associated with connecting to the BDS network.**

Beginning 2012–2013, students may utilize electronic mobile devices in the classroom for educational purposes when the teacher deems appropriate and with a signed AUP on file. While the district encourages students to use electronic mobile devices for educational purposes in the classroom, *high school* students may use these devices during lunch and before and after school. *Middle and elementary students* may use these devices before and after school, not during lunch. All students may use devices in the classroom setting with teacher permission and supervision. Use is STRICTLY prohibited for all students during passing periods due to safety issues.

Use of electronic mobile devices during the school day is a privilege. Adherence to the

March 26, 2012

guidelines below is essential to maintaining an academic environment and the integrity of the classroom.

Teachers that wish to allow students to use mobile devices in the classroom must first participate in professional development opportunities provided by the Bay District Schools Instructional Technology Department.

### **ELECTRONIC MOBILE DEVICE GUIDELINES**

- **Using functions on electronic devices that disrupt the educational environment, from within or from outside the classroom, or violates the rights of others, including, but not limited to using the device to cheat, violate school conduct rules, harass or bully staff or students or use their device for unlawful purposes will be subject to disciplinary action; up to and including suspension, expulsion, and being reported to local authorities.**
- **Cell phone conversations during instruction or class time should take place only under the supervision of staff personnel unless otherwise directed.**
- **Using any device that permits recording voice or image of another in any way that disrupts the educational environment, invades privacy of others, or is made without prior consent of individuals being recorded is prohibited. Also, using any device that permits recording voice or image of another to take, disseminate, transfer, or share audio, images, video, or photos that reveal private parts of the body that are ordinarily covered by clothing is prohibited. The possession of pornographic images or video on any electronic device is prohibited.**
- **Students must comply with staff directives, including but not limited to, using appropriate device volume. When in use, devices must be on vibrate or silent mode so that no audible tone is heard.**

Personal Electronic Mobile Devices misused in accordance with this policy shall be confiscated from the student and only returned to the student's parent upon notification from the school office. Continued misuse of PEMDs may subject the student to disciplinary action, as determined by the principal. Use of a PEMD will subject the student to the possibility of the imposition of disciplinary action by school or criminal penalties if the PEMD is used for the purpose of a criminal act.

The principal, subject to Superintendent and Policy 7.211, has final authority for school personal electronic mobile device implementation.

Parents may request special permission for their student to use cellular or satellite telephones if the parent has requested such use in writing to the school principal and has provided a physician's statement that provisions for immediate medical needs are necessary. If such permission is granted by the principal at the principal's discretion, the cellular telephone will be placed on "vibrate" so not to disturb other students. Misuse of the cellular telephone under these circumstances will subject the student to disciplinary actions, as determined by the principal.
